Subject: Request for an Appointment

Hon'ble Sir,

With profound respect and sincere admiration for Your Excellency's unwavering commitment towards inclusive governance, social justice, and the empowerment of marginalized sections of society, we humbly request an opportunity to meet you on behalf of the **Especially Abled Social Activists Association**, an initiative of the **Foundation for Rights and Responsibilities (FRR)**. Our Association has been established with the vision of transforming specially abled persons from beneficiaries of welfare into active partners in nation-building. We firmly believe that disability is not a limitation but a source of resilience, determination, and leadership. Through organized social action, awareness programmes, volunteerism, and community engagement, we seek to create a society where specially abled citizens are recognized as contributors to development rather than mere recipients of assistance.

During the proposed meeting, we wish to present before Your Excellency a comprehensive roadmap for promoting the meaningful participation of specially abled persons in social welfare initiatives. We also seek your guidance and support in building an institutional framework that enables persons with disabilities to contribute effectively to the socio-economic development of the Union Territory. We believe that, with your encouragement and guidance, thousands of especially abled individuals can be mobilized as ambassadors of social change, community service, and national development. We, therefore, earnestly request Your Excellency to kindly grant us an appointment at your earliest convenience. We assure you of our wholehearted commitment to work in close coordination with the Government for the welfare of society and the realization of the vision of "**Sabka Saath, Sabka Vikas, Sabka Vishwas, Sabka Prayas**". We shall remain ever grateful for your kind consideration.

With highest regards.

Dr. Sheikh Jamsheed

President 91-7780854286

Especially Abled Social Activists Association
